

SCOTT PLASMA 5 | PAD X/Y SOLVER

HOW TO USE THIS CHART

- Using a new or existing bike fit, determine your Pad X and Y measurements from the BB.
- To find your SCOTT PLASMA 5 fit, locate that point on the graph
- Your ideal frame size, based on your Pad X/Y, is indicated by the large black boxes.
- The blue and grey shaded areas indicate if the TT or TRI stem will achieve your desired Pad X/Y

FIT NOTES

- Each frame has 75mm of pad height adjustment via supplied spacers which go under the armrest pads.
- Fore/aft adjustment is achieved via armrest cradle placement.
